

KEY AGENCY COMMENTS AND RESPONSES

Section 114 (a)(1)(D) of the NWPAA specifies that any site recommendation by the Secretary of Energy submitted to the President must include comments on the EIS received from four Federal agencies—the Department of the Interior, the President’s Council on Environmental Quality, the Environmental Protection Agency, and the Nuclear Regulatory Commission. This section of the Comment-Response Document includes copies of the comments from these agencies on the Draft EIS and Supplement to the Draft EIS, followed by responses to the comments.
